Kissing

Bliss

The red light of the sun
Slowly descending
The sky is all I see
It's never endingWe could fly

You and I On a cloud

Kissing, kissingThe wind plays with the leaves

The weather turns colder

But as long as we believe

Love doesn't get olderWe could fly

You and I

On a cloud

Kissing, kissing

On a journey of the heart

There's so much to see

And when the sky is dark

You'll be right here, right here with meRight here with me

KissingKissing, kissing

Kissing, kissing A journey of the heart

A journey of the heart

A journey of the heart

A journey of the heart A journey of the heart

A journey of the heart

A journey of the heart

A journey of the heart

A journey of the heart

A journey of the heart

A journey of the heart

A journey of the heart A journey of the heart

A journey of the heart

A journey of the heart

A journey of the heartKissing

A journey of the heart

A journey of the heart

Kissing

A journey of the heart

A journey of the heart A journey of the heart

A journey of the heart

A journey of the heart

A journey of the heart A journey of the heart

A journey of the heart

A journey of the heart

A journey of the heart A journey of the heart
