

Hot As a Docker's Armpit

Budgie

Oh yeah
Going down to the town
I've gotta f-f-f-f-find where I've gone
Anyday, anyway
I've gotta d-d-d-d-do it alone
Gotta go and I know
That I will never, never leave her alone
She's a whore at her door
That I could never, never, never ignore I don't know what you are,
Will you hold my hand
I don't know what you are,
Help me understand
You will understand
She's as hot as a docker's armpit
She's as hot as a docker's armpit
She's as hot as hey, hey, hey yeah!
