## Two Sparrows In a Hurricane

## **Tanya Tucker**

She's fifteen and he's barely driving a car She's got his ring and he's got the keys to her heart It's just a matter of time They'll spread their wings and flyLike two sparrows in a hurricane

Are trying to find their way

With a head full of dreams

And faith that can move anything They've heard it's all uphill

But all they know is how they feel

The world says they'll never make it

Love says they willThere's a baby crying and one more on the way There's a wolf at the door with a big stack of bills they can't pay

The clouds are dark and the wind is high

But they can see the other side

Like two sparrows in a hurricane

Trying to find their way

With a head full of dreams

And faith that can move anything They've heard it's all uphill

But all they know is how they feel

The world says they'll never make it

Love says they willShe's eighty-three and he's barely driving a car She's got his ring and he's got the key to her heart

It's just a matter of time

They'll spread their wings and flyLike two sparrows in a hurricane

Trying to find their way

With a head full of dreams

And faith that can move anything

They've heard it's all uphill

But all they know is how they feel

The world says they'll never make it

And love says they will
