

# In Love at Christmas (feat. Mary Mary)

Kelly Price

it was a Silent Night a  
midnight clear  
was no Santa Claus and reindeer  
only me and you a love brand  
new we fell in love at Christmas  
it wasnt Valentines Day or the  
first day of spring summer  
time maybe fine but love didn't  
find me till the snow began to  
rain that's when everything  
changed and that's when I  
found you it was a silent  
night a midnight clear  
was no Santa Claus and  
reindeer only me and you  
a love brand new we fell in  
love at Christmas I remember  
when holidays were blue shopping  
trips money spent every year  
DejaVu but now I reminisce on  
a special gift in you it happened  
(it was a) silent night a midnight  
clear was no Santa Claus and  
no reindeer only me and a love  
brand new we fell in love at  
Christmas just 1 year ago a  
love found me now my life  
has changed and submissive I  
pray for a moment special to  
come but I never dreamed that  
it would be your love it was a  
Silent Night a midnight clear  
was no Santa Claus and no  
reindeer only me and you a  
love brand new we fell in love at Christmas x2
