

# Got Your Back (feat. Keri Hilson)

T.I.

I got your back boy  
We were high  
We were low  
But I promise I will never let you go  
Said I got I got I got I got your back boy  
I got I got I got I got your back boy  
(I know you got my back right)  
Keep my swagger  
Keep it looking good for ya  
Keep it looking hood for ya  
Shawty if you don't know  
I got I got I got I got your back boy  
Hey it's whatever shawty  
You aint gotta ask  
Yes Valentino blouses, summer houses, cash, check!  
You can get it you deserve it, flawless diamonds, Louie purses,  
My mission's to purchase Earth for her  
Present the gifts without the curse  
Her pleasure is my purpose  
Pleasure to be at your service  
Front row at fashion shows as well as Sunday morning service  
But better days or for worse  
If I'm paid I'm hurting in my pocket  
She still got a nigga back thats for sure  
No matter what may occur in life  
Everyday with her is like a plus  
I'mma love her til she be like thats enough  
Pop a bottle get a couple wine glasses fill em up and lift em up  
Let us toast to the future here's to us  
No, here's to her  
THEy wonder how we do what we do  
Panamera Porsches me and you  
Stuck to your side like, like, like glue  
Be by your side whatever your gonna do  
I got your back  
boy  
We were high  
We were low  
But I promise I will never let you go  
Said I got I got I got I got your back boy  
I got I got I got I got your back boy  
(I know you got my back right)  
Keep my swagger  
Keep it looking good for ya

Keep it looking hood for ya Shawty if you don't know  
I got I got I got I got your back boy This is for the women who man caught a sentence  
Who gon be there for a minute but they didn't keep their distance  
They stayed home waiting on the phone  
And on visit day show up looking good smelling better, playing kissy face  
Just wanna let you know we appreciate  
Everything you do for us on a day to day  
And I know we don't show you all the time but we lucky that you ours  
No bouquet of flowers could ever show how much we know we need you We do all thats in our  
power just to please you  
See boo, fuck them girls I would leave the World before I leave you  
May God say even eve and adam aint got shit on these two They wonder how we do what we do  
Panamera Porsches me and you  
Stuck to your side like, like, like glue  
Be by your side whatever your gonna do I got your back boy  
We were high  
We were low  
But I promise I will never let you go  
Said I got I got I got I got your back boy  
I got I got I got I got your back boy  
(I know you got my back right) Keep my swagger  
Keep it looking good for ya  
Keep it looking hood for ya  
Shawty if you don't know  
I got I got I got I got your back boy Show love  
Even though them chicks be hating on us  
Still I'm gonna keep her by my side  
In whatever situation we gon ride  
Make all my fantasie's come alive  
Thats no lie now  
I'll be alright as long as your gon be beside me  
10 million dollar mansions won't suffice  
If you aint gon be in there with me at night  
The pieces to my puzzle's in my life With all of my good days and all of my bad  
You stood by your man and you know you got my back  
Worth every car every bag with me they wanna be that  
I know what I got at home  
I aint never gon leave that  
Them bitches best believe that I got your back boy  
We were high  
We were low  
But I promise I will never let you go  
Said I got I got I got I got your back boy  
I got I got I got I got your back boy  
(I know you got my back right)  
Keep my swagger  
Keep it looking good for ya  
Keep it looking hood for ya  
Shawty if you don't know

I got I got I got I got your back boy
