

Nobody Hold Me (feat. Quando Rondo)

YoungBoy Never Broke Again

[Chorus: YoungBoy]

Healin' my pain oh they never pissin' out codeine
Niggas gon' talk, it's whatever 'cause they don't know me
Never stand down, nation business you gotta show me
Had to provide for myself 'cause nobody had ever ho-o-o-ld me [Verse 1: YoungBoy]
Aye, say look, aye, I'm tellin' you I can't love you
Ya heard me why the-what the f**k you want me to do when I've been wrong my whole life, ya
heard me, shit

If-if I, I don't know, If I ain't started nation business it wouldn't be here
Ya heard me but it is this right over love (and I don't want to hurt you)

And that man I am pardoned, believe dat, yeah
I got some shit up in my blood, it never leave for life
And you so perfect, you deserve it, I can't treat you right
And if I ever get a chance I might hurt you (I knew it hurt)
So go and travel, find somethin' new like the birds do (brrr)

I'm from the north, my brothers out that four
I'm in the valley, me and Quincy steady servin' that dope
And I grew up around some killers, shake the block with that pole
If I was ever for the [?] you three gon' carry my load
I could rock some, grams in the bag, I'm finna drop some
Hit it wit' that sawed off, mediocre, milly rock some
Passin' through the block, get caught out, that choppa cut some
F**kin' wit' my brother, ask him can I hold a seven?
Now tell me do you comprehend we stand of nation business
Now tell me do you understand I got some cases pendin' (cases pendin')
Had a talk wit' all of my niggas and they steady spendin'
Unfamiliar places up in lights could have your brain missin'

[Chorus: YoungBoy]

Healin' my pain oh they never pissin' out codeine
Niggas gon' talk, it's whatever 'cause they don't know me
Never stand down, nation business you gotta show me
Had to provide for myself 'cause nobody had ever ho-o-o-ld me [Bridge: YoungBoy]
Yeah, no one ever hold me yeah, no one ever hold me yeah, slatt [Chorus: YoungBoy]

Healin' my pain oh they never pissin' out codeine
Niggas gon' talk, it's whatever 'cause they don't know me
Never stand down, nation business you gotta show me
Had to provide for myself 'cause nobody had ever ho-o-o-ld me [Bridge: Quando Rondo]

Huh, aye, pass me the carton
Eh, eh, eh, Quando Rondo nigga, eh

[Verse 2: Quando Rondo]

I got some shit inside my cup, thirty sprite stick to the ice
You said you love me, gave you my heart then you scarred me for life

Your loyalty I never doubted, never thought 'bout it twice
If lovin' you was wrong then baby I don't wanna be right
I'm from the trenches, used to be strapped with that pole
This boy leaky, a newest stitcher, back that up with some smoke
Nothin' but killers in my mirror, for a check they gon' go
 And that's a bet they gon' blow
 Throw one in the head and give it to me
 Clutchin' my metal when I fill my candy wit' codeine
 Trapped in the wagon steady servin' percys to dope team
I'm 'bout to fill my mouth wit' VVS', I'm gettin' tired of the gold teeth
Hittin' the bank not a suggestion, I'm steady fiendin' for money[Chorus: YoungBoy]
 Healin' my pain oh they never pissin' out codeine
 Niggas gon' talk, it's whatever 'cause they don't know me
 Never stand down, nation business you gotta show me
Had to provide for myself 'cause nobody had ever ho-o-o-ld me[Bridge: YoungBoy]
Yeah, no one ever hold me yeah, no one ever hold me yeah, slatt[Chorus: YoungBoy]
 Healin' my pain oh they never pissin' out codeine
 Niggas gon' talk, it's whatever 'cause they don't know me
 Never stand down, nation business you gotta show me
Had to provide for myself 'cause nobody had ever ho-o-o-ld me
