

# Pictures in My Head

MJ Cole

It's not exactly what I like  
Calling home a sofa bed  
Lying wide awake at night  
Cause I'm hooked up on what you said  
When you hold me I'm slowly being mesmerised  
Am I mesmerised?  
Lying wide awake at night  
Seeing pictures in my head  
With you I leave the lights on  
Ooh a different point of view  
Yeah, love, imma leave the lights on  
I'm shining when I'm with you  
I'm shining when I'm with you  
I'm shining when I'm with you  
We ain't playing hide and seek  
Got a different game instead  
Building cities out of sheets  
I'm reminiscing about when  
You told me you only want to wake up in my arms  
Wake up in my arms  
Building cities out of sheets  
Seeing pictures in my head  
With you I leave the lights on  
Ooh a different point of view  
Yeah, love, imma leave the lights on  
I'm shining when I'm with you  
I'm shining when I'm with you  
I'm shining when I'm with you  
You're my gold  
You're my diamonds  
I feel alive  
When you look in my eyes  
I come to life  
You're my gold  
You're my diamonds  
I feel alive  
When you look in my eyes  
I come to life  
With you I leave the lights on  
Ooh a different point of view  
Yeah, love, imma leave the lights on  
I'm shining when I'm with you  
I'm shining when I'm with you  
I'm shining when I'm with you
