

Next Breath

Tank

As I pour this glass of wine
I hope it helps me express these thoughts of mind
No, I don't think I ever felt the way I feel for you girl
So I'm turning these lights down and I'm telling you right now I don't think I've ever ever really
told you how much I need you
Girl I need you more then my next breath
Never would I ever leave you cause darling I need you
I need you more then the next breath I breathe
I'm sorry for the times that I stressed you out
And I'm thankful for the times you ain't put me out your house (yea)
Ohhh I feel in love more than once
But ever single time it was with you girl (ohhhh) I don't think I've ever ever really told you how
much I need you
I need you more then my next breath
Never would I ever leave you cause darling I need you
I need you more then the next breath I breathe This is the part where we slow it down (slow it
down)
Make love to your mind its okay you can think out loud
(you can be as loud as you want to)
Its 4 in the morning and I'm pouring out my heart girl
So much to say I don't know where to start girl I don't think I've ever ever really told you how
much I need you
I need you more then my next breath
Never would I ever leave you cause darling I need you
I need you more then the next breath I breathe
I don't think I've ever ever really told you how much I need you
I need you more then my next breath
Never would I ever leave you cause darling I need you
I need you more then the next breath I breathe
