

Tunnel Lights

Ocean Park Standoff

Caught the train, but missed stop anyway, oh oh
Tripped on blankets asking for spare change, oh oh
Tunnel lights, red and white
Conversations and pieces
Can't tell if we stay overnight
Am I wide awake or dreaming?
Yeah, I'm just lost in a moment
Hear it starting, right where I'm supposed to be
Yeah, I'm just lost in a moment
That I stole from a city we know never sleeps, dreaming
Oh, I'm ready
Take me home
Oh, I'm ready
Take me home
Yellow socks and shoes beating by the streets, oh oh
Slinging past headphones and magazines, oh oh
Tunnel lights, red and white
Conversations and pieces
Can't tell if we stay overnight
Am I wide awake or dreaming?
Yeah, I'm just lost in a moment
Hear it starting, right where I'm supposed to be
Yeah, I'm just lost in a moment
That I stole from a city we know never sleeps, dreaming
Oh, I'm ready
Take me home
Oh, I'm ready
Take me home
Strangers here together alone
Faces and stars I will never know
Yeah, I'm just lost in a moment
Hear it starting, right where I'm supposed to be
Yeah, I'm just lost in a moment
That I stole from a city we know never sleeps, dreaming
Oh, I'm ready
Take me home
Oh, I'm ready
Take me home
