

# I'm With the Band

## Little Big Town

Last night in Memphis  
Tonight in New Orleans  
Tomorrow I'll be miles from here  
Ain't nothin' to me, nothin' to me Sweet gypsy highway  
Won't you let me chase my dream  
'Cause I got a song to take me there  
And it's somethin' to see, somethin' to see Lord, I was born with a suitcase in my hand  
Livin' in a life that few could understand  
Sometimes it gets so confusin'  
That I don't know where I am  
But I always know who I'm with  
I'm with the band  
Cheap whiskey midnight  
Another round with my friends  
Watchin' the world through the windshield  
And we're rollin' again, rollin' again Lord, I was born with a suitcase in my hand  
Livin' in a life that few could understand  
Sometimes it gets so confusin'  
That I don't know where I am  
But I always know who I'm with  
I'm with the band Lord, I was born with a suitcase in my hand  
Livin' in a life that few could understand  
Sometimes it gets so confusin'  
That I don't know where I am  
But I always know who I'm with  
I'm with the band  
Last night in Memphis  
Tonight in New Orleans  
Tomorrow I'll be miles from here  
Ain't nothin' to me, nothin' to me
