

# Ghost

Katy Perry

You sent a text  
It's like the wind changed your mind  
We were best friends  
Yeah, we were building our lives  
With every kiss, and every letter  
Every promise of forever  
Oh, but you hit send  
And disappeared in front of my eyes  
And now you're just a ghost  
(When I look back never would have known that)  
You could be so cold  
(Like a stranger vanish like a vapor)  
There's just an echo where your heart used to be  
Now I see it clearly  
And there's just a pillow where your head used to sleep  
My vision's 20/20  
I see through you now  
Something is tight  
Now that I have made up my mind  
I'll be alright  
It doesn't harm me at night  
Cause every gift, every letter, every promise of forever  
Now, it's out of sight  
Like you were never alive  
And now you're just a ghost  
(When I look back never would have known that)  
You could be so cold  
(Like a stranger vanish like a vapor)  
There's just an echo where your heart used to be  
Now I see it clearly  
And there's just a pillow where your head used to sleep  
My vision's 20/20  
I see through you now  
Now, now, now, now  
Now, now, now, now  
So rest in peace  
I see you on the other side  
And now you're just a ghost  
(When I look back never would have known that)  
You could be so cold  
(Like a stranger vanish like a vapor)  
There's just an echo where your heart used to be  
Now I see it clearly  
And there's just a pillow where your head used to sleep  
My vision's 20/20

I see through you now  
Now, now, now, now  
I see through you now  
Now, now, now, now  
I see through you now
