Stereolab

We need so damn many things
To keep our dazed lives going Many things to keep our lives
Lives going, so many things We need so damn many things
(We need so damn many things)
(We need so damn, we need so damn many things)
To keep our stupid lives going
(Keep our stupid lives going)
(Keep our stupid, keep our stupid lives going) Many things to keep our lives
(To keep our lives, to keep our lives, many things)
(To keep our lives, to keep our lives, many things)
Lives going, so many things
(So many things, so many things, lives going)
(So many things, so many things, lives going)
We can be bound, run around
(We can be bound, run around)
(We can be bound, we can be bound, run around)
Fooled animal bite its tail
(Fooled animal, bite its tail)
(Fooled animal, fooled animal, bite its tail) Animal, he has been bound
(He has be bound, animal)
(He has been bound, he has be bound animal)
Run around, around and 'round
('Round and around, run around)
('Round and around, 'round and around, run around) We need so damn many things
To keep our dazed lives going
Many things to keep our lives
(To keep our lives, to keep our lives, many things)
(To keep our lives, to keep our lives, many things)
Lives going, so many things
(So many things, so many things, lives going)
(So many things, so many things, lives going) Many things to keep our lives
Lives going, so many things
