

Avalon

Sully Erna

A veil of sparkling white soothes and bathes me in the light
It fills me with the suns and visions of the ancient ones
Descend to me, and soothe my disarray
And so it's done
Hear my words Avalon
Fields are swaying like dancers in the moonlight
Rivers filled with dreams
Unbroken and still promising
Descend to me, and soothe my disarray
And so it's done
Hear my words Avalon
Warm inside
Open the way in
Float into the night
Embrace what's to be
Warm inside
Open the way in
Float into the night
Embrace what's to be
Avalon
Avalon
Avalon
Avalon
