

Shake Your Pom Pom

Missy Elliott

I see you got low
And you got plenty more to show, go
Shake it like a pom pom, like a pom pom
Shake it like a pom pom, like a pom pomGo, like you tryna win a contest for sure
Oh, I'mma show you how to shake it
How the booty shake
Show you how to shake it
See the booty shakeSee the booty shake
Like an earthquake
There is no escape
When I shake it in your face
Now don't you wanna tape
A booty shakin' on your tape?
So show it to your boys and
See the look on all they faceI move it to the left
Move it to the right
Double time, double time, all right
Show 'em what they likeLook at it, look at it
Slow motion, freeze
Stop for the camera
Paparazzi wanna see
CheeseHello, hey how you doin'?
I shake it like this
Now let me see if you can do it
Drop, drop, drop, drop, drop it on the one
Shake, shake, shake, shake
They faces all stunnedIf you got it, got it, got it
Then move if kinda fast
If the boys all dance
While they tryna make a passWhistle while you work
Go 'head do your dirt
Even if you like to flirtLift up your skirts
Then turn 'em out
One leg girl
Go 'head shake it outI see you got low
And you got plenty more to show, go
Shake it like a pom pom, like a pom pom
Shake it like a pom pom, like a pom pomGo, like you tryna win a contest for sure

Then catch your breaaf and then start it up again One minute, two minute, three minute stop
Erybody drop like their have from the cops

Though got a club, we ain't turnin' on the lights Sally got a big old donkey

Oh, I'mma show you how to shake it
How the booty shake
Show you how to shake it
Let you see the booty shake See I was sitting in the lounge
With my tight skirt on
And like a 3-D movie
He was watchin' the thong All up in my grill
So he asked could he tag it
Two-timing from an ish like maggots He tryin' to spit the game
What he had to say
Has anybody ever told you you look like Beyonce?
OK lil' boy want to boost my esteem
I said you need a rehab
'Cause you look like a fiend
Don't want to start a scene
I ain't tryin' to be mean
And even if you spend your green
You ain't get in between
'Cause this here queen
Keep on looking for clean
And like a diamond ring bling
See who wants get the wet dream
I see you got low
And you got plenty more to show, go
Shake it like a pom pom, like a pom pom
Shake it like a pom pom, like a pom pom
Go, like you tryna win a contest for sure
Oh, I'mma show you how to shake it
How the booty shakin'
Show you how to shake it

Let you see the booty shakin'
