

# Spring Break (feat. Rich The Kid)

## AJ Mitchell

AJ Mitchell:

No contest, got the perfect view  
White t-shirt, I can see right through  
Drunk off your body, body  
Got me high like molly, molly  
Got the weekdays feeling like Spring Break  
On a waterbed like we're oceanside  
Listening to Frank till we close our eyes  
Shots off your body, body  
You my little thottie, thottie  
Got the week days feeling like Spring Break  
Girl, you going wild  
But outside, it's safe from rainin' (Yeah)  
You start the shower with a smile  
Saying, "Maybe we could stay in"  
And I know it's not the weekend (Weekend)  
But fuck it, girl, we drinking (Drinking)  
Baby, we don't need a reason  
Got what I need, got what I need  
Don't need a beach, no  
No contest, got the perfect view  
White t-shirt, I can see right through  
Drunk off your body, body  
Got me high like molly, molly  
Got the weekdays feeling like Spring Break  
On a waterbed like we're oceanside  
Listening to Frank till we close our eyes  
Shots off your body, body  
You my little thottie, thottie  
Got the weekdays feeling like Spring Break

Rich The Kid:

Your girl, she my little thottie, thottie (Thottie)  
Young nigga be breaking her body (Body)  
Break her back like Scotty 2 Hotty (2 Hotty)  
On my phone, "Wanna come over?" Probably  
But you know I keep Nina right beside me  
But your girl keep it sloppy (Sloppy)  
Think I made it all from papi  
And I got a Rollie costed sixty (Sixty)  
She ain't fuck with him 'cause he's too cheap (Too cheap)  
I'm the type a nigga to go and buy a new Jeep  
I'm the type to hit it and won't call back (Call back)  
She in love, I'm probably gon' fall back (Fall back)  
Get a bag then she won't know how to act

Tell her, "Don't bring a bag, no need to pack"  
Said she's not with the love and all that  
Why you blowing my phone? I won't call back  
AJ Mitchell:  
Mai Tais, got 'em going to your head  
Bikini bottoms at the bottom of the bed  
You know it's coming, baby, you don't gotta gas, no  
All I knows that your body's getting wet, yeah And I know it's not the weekend (Weekend)  
But fuck it, girl, we drinking  
Baby, we don't need a reason (Reason)  
Got what I need, got I need  
Don't need a beach No contest, got the perfect view  
White t-shirt, I can see right through  
Drunk off your body, body  
Got me high like molly, molly  
Got the weekdays feeling like Spring Break  
On a waterbed like we're oceanside  
Listening to Frank till we close our eyes  
Shots off your body, body  
You my little thottie, thottie  
Got the weekdays feeling like Spring Break
