For You

James Otto

You could call me anytime and I'd come running I'd go to hell and back to rescue you I'd give up my soul and everything I own If that's what you want, I'd do that for youChorus: Oh but now you're asking too much You want me to find somebody new Oh I never thought I'd say this But girl, congratulations You found the one thing I can't do for you Ask me for forgiveness, girl you've got it If you don't love me what else can I do If this really is the end you won't see my face again If that's what you want, I'd do that for youChorusYou'll have to think of something else 'Cause there's no way to turn it off I'm sorry girl, I can't fall out of love Oh I never thought I'd say this But girl, congratulations You found the one thing I can't do for youYou found the one thing I can't do for you
