

# Make It Look Good (feat. Preditah)

Tom Zanetti

I make you look good  
I make you look good  
That's right, that's right, that's right  
I make you look good  
Hold tight, Preditah, everytime  
I make you look good  
In the dance I make you look good  
Romance I make you look good which is  
our rhythm man I make you look good I make it look good  
In the bank I make it look good  
Rubber bands I make it look good  
When I'm counting the grams I make it look good  
I make you look good  
I make you look good  
I'm making cash, making it fast  
but I leave you finest champers in a glass,  
if you look so flash and you got a nice arse  
Get bouncing if you make 'em stop  
my cars, clothes, sold out shows  
Stacks full of 50's, clean notes  
They say the best things in life are free Fuck that, Tom will pay of you're making G's  
Bought an apartment in the Maldives  
with a balcony overlooking the sea  
Ranger, Lambo all the sick and free  
All parts of sick cars on fee so yo'  
Did you get get that one?  
Girls in the club can they feel that one  
Ah, did you get that one?  
If you're feeling good come dance along  
I make you look good  
I make you look good  
That's right, that's right, that's right  
I make you look good  
Hold tight, Preditah, everytime  
I make you look good  
In the dance I make you look good  
Romance I make you look good which is  
our rhythm man I make you look good I make it look good  
In the bank I make it look good  
Rubber bands I make it look good  
When I'm counting the grams I make it look good  
I make you look good

I make you look good  
I make it look good  
I make it look good I go the bar like: what are you on?  
Get to know it's the Christal Dom  
Takes a couple glasses then get this girl won  
Then a couple minutes later the Christal's gone  
Aaah, see girls and a drink  
I like the smell of money in my pockets to sting  
Catch your girly slipping I'm like an ice-rink  
So be on job overtaker and wink I'm flashy, exhuberant, vibrant, extravagant  
Make it look naughty, I'm borderline arrogant  
Parties on rooftops, exotic environments  
No one is sicker or slicker and under me  
Aaah, my foot's on the gas, I need to relax  
I'm reaching new levels, just stacking the racks  
You know, I make it look good  
Just check how I dress  
The king of the dance, moving like it's chess  
Aaah, I make it look good  
I make it look how you wish that you could  
I got a talent that most of these haven't  
This British charm mixed in with a little hood I make you look good  
In the dance I make you look good  
I make you look good  
In the dance I make you look good  
Romance I make you look good which is  
our rhythm man I make you look good I make it look good  
In the bank I make it look good  
Rubber bands I make it look good  
When I'm counting the grams I make it look good  
I make you look good
