

Do Better (feat. Kly, Patoranking & Riky Rick)

Major League Djz

Oh God it's Major League My love let's roll like a picture
I listen to your words like a scripture
I know you always tag your man on insta
But you can do better
If he breaks your heart baby I'll fix you? What more can I do to convince ya
I know you always tag your man on insta But you can do better
My love let's roll like a picture
I put in 10 000 hours to master your love oh, your love oh
I won't even play myself Baby girl deep down you are the one I want oh
To be with
I took my time to make myself a better man for you
I hope you see it So girl believe me and let me love ya
Let me go be your lover
Believe me and let me love ya
Let me go be your lover
My love let's roll like a picture
I listen to your words like a scripture
I know you always tag your man on insta
But you can do better
If he breaks your heart baby I'll fix you
What more can I do to convince ya?
I know you always tag your man on insta
But you can do better
My love let's roll like a picture
