

Crazy Beautiful (Papercha\$er Remix)

Skylar Stecker

ain't what they want
ain't what they used to
it's all we got
we take our aim
we blowing a fuse
making a change All my ladies all my girls
dominating from the world
your the diamond show the world
and you better know it
crazy beautiful
so unusual
it's now time to show your freedom freedom freedom
now you got your soul that can't be sold
it's now time to own your freedom freedom freedom
All my ladies all my girls
dominating from the world
your the diamond show the world
and you better know it
crazy beautiful
so unusual
it's now time to show your freedom freedom freedom
we making noise
shout out in the silence
they hear us bough down they hear us
no other choice
can't take this riot
nobody can break it up All my ladies all my girls
dominating from the world
your the diamond show the world
and you better know it
crazy beautiful
so unusual
it's now time to show your freedom freedom freedom
now you got your soul that can't be sold
it's now time to own your freedom freedom freedom
All my ladies all my girls
dominating from the world
your the diamond show the world
and you better know it
crazy beautiful
so unusual
it's now time to show your freedom freedom freedom

your freedom freedom freedom
its time for us to say
won't let'em chase away
our freedom freedom freedom All my ladies all my girls
dominating from the world
your the diamond show the world
and you better know it
crazy beautiful
so unusual
it's now time to show your freedom freedom freedom
now you got your soul that can't be sold
it's now time to own your freedom freedom freedom
All my ladies all my girls
dominating from the world
your the diamond show the world
and you better know it
crazy beautiful
so unusual
it's now time to show your freedom freedom freedom
