## Crazy Possessive (Seamus Haji Extended Mix)

## Kaci Battaglia

I think I'm crazy
I think I'm going out of my mindYou call me crazy
I thought I saw you touching my guy
Are you crazy?
Maybe I should take you outside
And show you crazy
Ohhh I got your crazy
A little hazy

Maybe I'm just losing my mindI think your shady I know that you've been calling my guy

Are you crazy?

Now I'm gonna take you outside

And show you crazy

Ohhh I got your crazy

Call my man again and imma you up, and imma you up, and imma you up

Touch my man again and imma you up, and imma you up

And then you call me your best friend, and then you call me your best friend

Call me crazy

Everytime that I turn aroundYou want my baby

Ohhh but I'm his lady

Am I possessive?

Just because I'm claiming what's mine

Your crossing the line

Why are you constantly calling him up

To pick you upLet me know now

How can you call me your best friend

Then turn around and secretly text him

You call me crazy

Ohhh I got your crazy

Call my man again and imma you up, and imma you up, and imma you up
Touch my man again and imma you up, and imma you up

Call my man again and imma you up, and imma you up, and imma you up
Touch my man again and imma you up, and imma you upAnd then you call me your best
friend, and then you call me your best friend

They calling me crazy

They say I'm crazyThey call me crazy

They think I'm crazy

Ohhh I got your crazy

Call my man again and imma you up, and imma you up, and imma you up

Touch my man again and imma you up, and imma you up

Obbb Last your grayy

Ohhh I got your crazy

Call my man again and imma you up, and imma you up, and imma you up

## Touch my man again and imma you up, and imma you up Ohhh I got your crazy
