## **Chase You Down (Extended)**

## **RUNAGROUND**

Ooh Ooh

Don't let it slip away

Ooh Ooh

Don't let it get awayCan you hear me right now

I got your number

And I'm callin' you out

With liquid courage

I can beat all my doubt

There's not another

So I'm chasin' you down

Chasin' you down

Can you see me right now

I'm comin' closer

Think I figured you out

Not like the others

You don't blend with the crowd

I've blown your cover

Now I'm takin' you down

Takin' you downCan you hear me right now

I got your number

And I'm callin' you out

With liquid courage

I can beat all my doubt

There's not another

So I'm chasin' you down

Chasin' you down

Ooh Ooh

Don't let it get away

Ooh Ooh

Won't let you slip awayCan you see me right now

I'm comin' closer

Think I figured you out

Not like the others

You don't blend with the crowd

I've blown your cover

Now I'm takin' you down

Takin' you downCan you hear me right now

I got your number

And I'm callin' you out

With liquid courage

I can beat all my doubt

There's not another

So I'm chasin' you down
Chasin' you downCan you see me right now
I'm comin' closer
Think I figured you out
Not like the others
You don't blend with the crowd
I've blown your cover
Now I'm takin' you down
Takin' you downOoh Ooh
Don't let it slip away
Ooh Ooh
Don't let it get away
Ooh Ooh
Don't let it get away
Ooh Ooh

Won't let you slip awayCan you hear me right now
I got your number
And I'm callin' you out
With liquid courage
I can beat all my doubt
There's not another
So I'm chasin' you down
Chasin' you down
