

Viagra (feat. 909Memphis)

ITSOKTOCRY

Pipe down, yeah
Pipe down, baby pipe down
Pipe down, baby pipe down
Pipe down, baby pipe down
Pipe down, baby pipe down All these racks give me a boner, I'm too hard (I'm too hard)
All these racks give me a boner, I'm too hard (I'm too hard)
They think that they too hard, but they not (but they not)
They think that they too hard, but they not (but they not)
They just so high, that's tonight (that's tonight)
They think that they too hard, but they not (but they not)
Wipe they nose up, that's the snot
They think that they too hard, but they not
Bitch, I'm so high, that's tonight
They think that they too hard, but they not
Yeah, yeah
All these racks give me a boner, let's spend the guap
Yeah, yeah, lil' B a loner, she's a thot
She spat the bands out like a fountain, she get me hot
So use it anyway, you sober, say we get top
'Cause I've got bread on me, lil' hoe,
you know I'm stacking all that paper
I've got hoes in every city, so I might just fuck her later
If I chase all this money now, I'm 'bout to feel greater
If I grow all this blue, then I'm balling like a Laker
Baby girl, yeah you should try flexing
Pretty sure all this money answer questions
I got sauce, like a teacher, that's the lesson
100 bands present, we never stressing
Bitch I flex hard, like I'm running from them cops
Smoking moonrock, yeah we smoke 'em like the ops
How you think you work, but my swag is what you cop
And I might pour Wock, when I'm rolling in my car
All these racks give me a boner, I'm too hard (I'm too hard)
All these racks give me a boner, I'm too hard (I'm too hard)
They think that they too hard, but they not (but they not)
They think that they too hard, but they not (but they not)
They just so high, that's tonight (that's tonight)
They think that they too hard, but they not (but they not)
Wipe they nose up, that's the snot
They think that they too hard, but they not
Bitch, I'm so high, that's tonight

They think that they too hard, but they not
