

When It's Time (feat. John Gallagher Jr.)

Green Day

Words get trapped in my mind
Sorry I don't take the time to feel the way I do.
'Cause the first day you came into my life
My time ticks around you But then I need your voice
And the key to unlock all the love trapped in me So, tell me when it's time to say "I love
you." All I want is you to understand
That when I take your hand, it's 'cause I want to.
We are all born in a world of doubt
But there's no doubt
I figured out...
I love you.
All I want is you to understand
That when I take your hand, it's 'cause I want to.
We are all born in a world of doubt
But there's no doubt
I figured out...
I love you.
I've been longing for
All the losers that were meant to take the time to say
What was really on their mind, instead
They just hide away
Yet they'll never have
Someone like you to back them and help them on the way.
Or tell them when it's time to say "I love you."
So, tell me when it's time to say "I love you."
