

# With You

Marsha Ambrosius

When i look at your face  
I know what I'm feeling  
Can't nobody tell me nothing  
'Cause I know what I'm doing  
'Bout to grab my coat  
Put the keys in ignition  
Can't tell you how long  
I been wishing for this moment to Uh uh uh (with you)  
I wanna uh uh uh (with you)  
When where on the phone  
Your giving me direction  
Can't even hold the pen straight  
Such anticipation  
Hundred miles an hour (hour)  
Can I go any faster?  
Can't you tell how I've been waiting  
How I've been waitin' for this moment to Uh uh uh (with you)  
I wanna uh uh uh (with you)  
that I wanna uh uh uh (with you)  
I wanna uh uh uh (with you) In my head I can see it so clearly  
Thinking about all the things I wanna do to you (babe)  
Do to you (babe)  
Right now (right noooow...)  
Feels like i've been waiting for a lifetime  
To find someone that'll want as much as I want you (as i want you)  
Right nnoooowww  
(You know just how much I you baby)  
Uh uh uh (with you)  
I wanna uh uh uh (with you)  
Said I wanna uh uh uh (with you)  
Uh uh uh (with you)  
Uh uh uh (with you)  
I wanna uh uh uh (with you) I wanna uh uh uh uh uh uh uh.....  
I wanna uh uh uh uh uh uh uh.....  
Just let me uh uh uh uh-uh-uh-uh uh uh uh....  
I wanna uh uh uh uh uh uh uh.....
