

# This Is the Last Time

## The National

Oh, when I lift you up you feel  
Like a hundred times yourself  
I wish everybody knew  
What's so great about you  
Oh, but your love is such a swamp  
You don't think before you jump  
And I said I wouldn't get sucked in

Ah

Oh, don't tell anyone I'm here  
I got Tylenol and beer  
I was thinking that you'd call  
Somebody closer to you  
Oh, but your love is such a swamp  
You're the only thing I want  
And I said I wouldn't cry about it

Ah

We were so under the brine  
We were so vacant and kind  
We were so under the brine  
We were so vacant  
We were so under the brine  
We were so vacant and kind  
We were so under the brine  
We were so vacant  
Oh, when I lift you up you feel  
Like a hundred times yourself  
I wish everybody knew  
What's so great about you  
Oh, but your love is such a swamp  
You don't think before you jump  
And I said I wouldn't get sucked in

Ah

I won't be vacant anymore  
I won't be waiting anymore  
I won't be vacant anymore  
I won't be waiting anymore  
I won't be vacant anymore  
I won't be waiting anymore  
Jenny I am in trouble  
Can't get these thoughts out of me  
Jenny I'm seeing double  
I know this changes everything

Jenny I am in trouble  
Can't get these thoughts out of me  
Jenny I'm seeing double  
(It takes a lot of rain in the cup)  
I know this changes everything  
(It takes a lot of pain to pick me up)  
(It takes a lot of rain in the cup)  
(It takes a lot of pain to pick me up)  
Baby you gave me pain and tears  
Baby you left me sad and high
