

House of Winston

Shakey Graves

And don't let your lipstick wear
We'll make a swift escape
Yeah, and use the rest to write it down
So that we can remember the way your father turned
around
To say, "Oh boy, just chose a side"
But I wanna waste your time
Yeah, I wanna waste your time
Oh, into the night
Oh, but don't let your lovin' show
Oh, we'll find new home
Yeah, and use the rest to build it up
So we can remember the way your father turned around
To say, "Oh boy, just chose a side"
But I wanna waste your time
Yeah, I wanna waste your time
Oh, and my mother said when I was born
My father we won the war
Well, my mother said when I was born
Well my father swore we won the war
But I wanna waste your time
Yeah, I wanna waste your time
Oh, into the night
Yeah, I wanna waste your time
Oh, I wanna waste your time
Oh, into the night
