

Breathing Underwater (Nai Palm) [Commentary]

Hiatus Kaiyote

The words in water
Matter slowly unwinds as I leave feathers
behind (for your love, for your lover to find)
Warm hands wrapped in blue linen from
Tuareg sands (for your love, for your lover
to find)
Wild rose Jericho sewn arid as stone (for your
love, for your lover to find)
Aorta, tattoo the artery with acute artistry (for
your love, for your lover to find)
Breathing underwater breathing underwater
I could breathe you underwater
Pleasure melting a snowflake of lace down
your face (for your love, for your lover to find)
I could call your demons inside soak them in
chamomile (for your love, for your lover to
find)
Breathing underwater breathing underwater
I could breathe you underwater
For your love, for your lover to find
Breathing underwater
I want you to breathe it in,
The words in water
