

# Netflix & Dusse

## Smino

I got a pizza on the way, bae, bae  
I'm tryna lay, lay  
Lil' lady, ayy, I brought a bouquet  
Of the treefer  
And I'm feelin' like we should d-d-duck away  
Netflix and Dusse  
And if I do say so myself  
That ass a creature  
Pink Caddy, Pepto Bismol-bile  
Ting named Kali  
That ass on Sunset Hill, a beautiful view  
Unusual, I'm hooked onna reel, and you a be too  
I'm Pookie, 'bout that coochie forreal  
Okay cool  
Yes I love the way you  
Nourish the soul, you know  
That ass look like a fuckin' grapefruit  
Hittin' them push ups  
So when I'm up in that wassup, wassup  
You get whooped up, uh  
Arch that thang  
Like where I'm from  
Been on my brain, Miss Serotonin  
Livin' la vida with my lavita, feel like Ceddy  
Liberate your limbs, eliminate your limits, let me  
You feel just like lemonade on ice when I'm all sweaty  
She like Smino boy I get it already  
I got a pizza on the way, bae, bae  
I'm tryna lay, lay  
Lil' lady, ayy, I brought a bouquet  
Of the treefer  
And I'm feelin' like we should d-d-duck away  
Netflix and Dusse  
And if I do say so myself  
That ass a creature
