I Loved You All Along

Cas Haley

Baby Baby, Please believe me
I know that you do not need me
Baby, you dont have to tell me
I know that you do not need meYou told me you love me
And it was I that was wrong (x2)You know I loved you all along (x4)Maybe baby i
misunderstand you
I dont want to keep and to have you
Maybe baby you misunderstand me
I wanna love you and you to love me (x4)You told me you loved me
And it was I that was Wrong (x2)
You know I loved you all along (x4)
