

# I Ain't Going Nowhere

Bell Biv DeVoe

Look, baby, I know times are hard right now  
You know and it be easy for us to give up on each other  
But I want you to know I ain't going nowhere  
I ain't going nowhere  
I ain't going nowhere  
I just gotta say I promised to be with you  
Till the end of time when I said the lines  
I'd take you for my wife, oh yeah You know we just can't throw it all away  
'Cause the sun will shine after a rainy day  
I need you in my life that's why I'm sayin'  
I ain't going nowhere  
You can wreck a car  
I ain't going nowhere  
You can lose your job  
I ain't going nowhere  
You can burn the house down  
Stay out all night on the town I ain't going nowhere  
I want to have some change  
I ain't going nowhere  
I like it just how we did  
I ain't going nowhere  
You can spend up all my things  
Hang out all night with your friends, yeah, yeah See we turned this house into a lovin' home  
But now the things are rough  
You wanna get goin'  
We've gotta keep this together, oh yeah  
'Cause I was made for you  
And you complete me  
And don't nobody else  
Even deserve the love that I give oh, to you, baby  
Nobody but you I ain't going nowhere  
You can wreck the car  
I ain't going nowhere  
You can lose your job  
I ain't going nowhere  
You can burn the house down  
Stay out all night on this town I ain't going nowhere  
I want to have some change  
I ain't going nowhere  
I like it just how we did  
I ain't going nowhere  
You can spend up all my things

Hang out all night with your friends  
Baby, you ain't got to worry about me  
I told you when I'm out here hustling  
I'm trying big time to get this money  
I'm just trying to make life better for us you know  
I love you, girl, believe it, I ain't going nowhere  
Don't you know that I love you  
And I will never do anything to hurt you, my baby  
Please don't go  
We've got a good thing going on, yeah yeah yeah  
Stand by your side through thick and thin  
And I will never go away, 'cause I love you, baby  
I ain't going nowhere  
You can wreck the car  
I ain't going nowhere  
You can lose your job  
I ain't going nowhere  
You can burn the house down  
Stay out all night on the town  
I ain't going nowhere  
I want to have some change  
I ain't going nowhere  
I like it just how we did  
I ain't going nowhere  
You can spend up all my things  
Hang out all night with your friends  
I ain't going nowhere  
'Cause you're my baby  
My wife, my life
