

# Hey Pretty

Poe

Well it's 3 am I'm out here riding again  
Through the wicked, winding streets of my world  
I make a wrong turn, break it  
Now i'm too far gone  
I've got a siren on my tail  
And that ain't the fine I'm lookin for I see a stairway so I follow it down  
Into the belly of a whale where my secrets echo all around  
You know me now, but to do better than that  
You got to follow me  
Boy I'm trying to show you where I'm at Hey pretty, don't you wanna take a ride with me  
Through my world  
Hey pretty, don't you wanna kick and slide  
Through my world  
Well I got a mind full of wicked designs  
I got a non-stop hole in my head-imagination  
I'm in a building that has 2000 floors  
And when they all fall down  
I think you know it's you they're fallin for I can't forget I am my sole architect  
I built the shadows here  
I built the growlin voice I fear  
You add it up, but to do better than that  
You got to follow me  
Boy I'm trying to show you where i'm at Hey pretty, don't you wanna take a ride with me  
Through my world  
Hey pretty, don't you wanna kick and slide  
Through my world  
Hey pretty, my pretty baby  
Rock it through my world  
Hey pretty, my pretty baby  
Rock it through my world Hey now can't you feel me longing  
(do you get the gist of this song now)  
Hey now can't you feel me  
Feel me Hey pretty, hey pretty, hey pretty baby  
Don't you wanna take a ride with me  
Don't you wanna take a ride with me  
My baby  
Don't you wanna take a ride with me  
My pretty baby  
My baby  
Don't you wanna  
Rock it through my world  
Don't you wanna take a ride with me

My baby  
Don't you wanna  
My baby  
Don't you wanna take a ride with me
