

# Believed

Lauv

Midtown, almost got a place out of midtown  
Instead I took a plane out of this town  
And missed out on us, mmmWasted, and all of my regret, I can taste it  
If I had a time-machine I would take it  
And make it back to usNow I'm reminiscing 'round the clock  
Wish that I could make it stop  
Didn't know it then, but now I know all this time, I, IShould've believed in us  
While we existed  
'Cause now the whole thing's fucked  
And just a figment of my imagination  
If I could bring you back, I would  
But it's just way too late for that  
Should've believed in us  
Should've believed in us, ah-oh, oh  
And I wish I would've been patient  
Instead of lettin' all the emotions  
Turn to motions with you, mmm'Cause now I'm reminiscing 'round the clock  
Wish that I could make it stop  
Didn't know it then, but now I know all this time, IShould've believed in us (Woah)  
While we existed  
'Cause now the whole thing's fucked (Woah)  
And just a figment of my imagination  
If I could bring you back, I would  
But it's just way too late for that  
Should've believed in us  
Should've believed in us, ah-oh, oh  
Should've believed in us  
Should've believed in us, ah-oh, woah  
If I could bring you back, I would  
But it's just way too late for that  
Should've believed in-  
If I could bring you back, I would  
But it's just way too late for thatShould've believed in us (Woah)  
While we existed  
'Cause now the whole thing's fucked (Woah)  
And just a figment of my imagination  
If I could bring you back, I would  
But it's just way too late for that  
Should've believed in us  
Should've believed in us, ah-oh, oh
