## **Long Time**

## Shakira

Hold me

Show me all the talent God has given you I want us thinking outside the box (all night long) Just keep on goingYou've done good things for me

Though I'm not an easy girl to please

I'll never run out of faith in you (all night long)

Just keep on goingLong time, baby, long time

That's the way I've loved you, baby

Long night, it's been a long night

I'm breaking the record, told youLong time, baby, long time

The minutes are eternal lately

Long night, it's been a long night

Can't wait to touch you, touch you

I wish I had longer legs

That I could fasten to your body

So you'd take me with you everywhere

And when you think I can take no more (all night long)

Just keep on goingIf I let you have your way, don't think I'm weak

You got the stamina and the technique

So let those eloquent hands of yours (all night long)

Just keep on goingLong time, baby, long time

That's the way I've loved you, baby

Long night, it's been a long night

I'm breaking the record, told youLong time, baby, long time

The minutes are eternal lately

Long night, it's been a long night

Can't wait to touch you, touch you

This thing we've got's so rare

It's so good, it's not even fair

So how could anything compare

To your way, no wayHow can you do me so much good?

I'm so happy, I should get sued

But nothing matters next to you

No way, no wayLong time, long time

That's the way I've loved you, baby

Long night, it's been a long night

I'm breaking the record, told youLong time, baby, long time

The minutes are eternal lately

Long night, it's been a long night

Can't wait to touch you, touch you
