

# Modern Crusaders

## Enigma

Don't look back  
the time has come  
all the pain turns into love we're not submissive, we're not aggressive  
but they think we can't defend stand up, join us, modern crusaders alive  
we have the power to face the future  
cause we are the fighters  
just fighting for our rights  
they're accusing, like always without knowing  
what is just fiction or what is the truth  
they have no mission, they have no passion  
but they dare to tell us what's bad and what's good!  
stand up, join us, modern crusaders alive  
we have the power who'll face the future  
cause we are the fighters  
just fighting for our fights  
Est affectus  
et defectus  
semper in angaria.  
(drive on  
and weighted down,  
always enslaved.)  
Quod per sortem  
sternit fortem,  
mecum omnes plangite!  
(since fate  
strikes down the strong man,  
everyone weep with me!)  
Nunc obdurat  
et tunc curat  
ludo mentis aciem,  
egestatem,  
potestatem  
(first oppresses  
and then soothes  
as fancy takes it;  
poverty,  
power)  
Stand up, join us, modern crusaders alive  
we have the power who'll face the future  
cause we are the fighters  
just fighting for our fights stand up, join us, modern crusaders alive!
