

# Doobie Wah

Peter Frampton

Whooh!  
Do what everybody says is wrong  
You can't believe nobody takes too long  
Changing your mind, ooh, let me up  
I can't believe that kind would drink my cup Yeah, yeah Take away what you can make today  
Look, turn around  
Put your hand in the lottery  
Hey, what you found? Take the place, you got another taste  
Make it through  
Carry on, won't do you wrong  
It's something new  
Icicles of blue serene  
Inside your eyes  
I came in the same way too, ooh, with you Head in the sky  
Let me breath  
Don't want to make you cry  
But I gotta leave Take all you can, don't let it show  
Walk away, you gotta pay  
For all you know Hang on to me  
Put your hand in the lottery  
You don't really need to be  
Anything you don't want to be Setting suns and thinking aloud  
Speaking of you  
I came in the same way too  
Head in the sky  
Let me breath  
Don't want to make you cry  
But I gotta leave Take all you can  
I understand  
Don't let it show  
Walk away but you gotta pay  
For all you know Yeah, yeah Do what everybody says it wrong  
I don't believe anybody takes too long  
Changing your mind, let me up  
I can't believe that kind would drink my cup
