

Only Getting Better

JoJo Siwa

Another day in a crazy world
Hangin' on for another curve
Every bend, every twist can turn you round and round
Holdin' on its a wild ride, it's all new when you blink your eyes
Suddenly, everything inside, feels upside down
Don't matter what's up next, close the eyes and
take a step
I'm ready for whatever, here we go!
Oooh, oh, it's only getting better
Oooh, oh, don't it catch my breath
We'll race through every open door, find everything we're hoping for
As long as we're together, it's only getting better!
Another day, it's a mystery
A million possibilities
Take a chance, it'll all be easier in time
Everyday is a new adventure, turn the page, it's a whole new chapter
Somethin' great up ahead will make you feel alive
I'm hoping for the best, close your eyes and
take that step
I'm ready for whatever, here we go!
Oooh, oh, it's only getting better
Oooh, oh, don't it catch my breath
We'll race through every open door, find everything we're hoping for
As long as we're together, it's only getting better!
It's changing in an instant, and everything is
different
But I'm ready for whatever, I'm ready for whatever!
Oooh, oh, it's only getting better
Oooh, oh, don't it catch my breath
We'll race through every open door, find everything we're hoping for
As long as we're together, it's only getting better!
Oooh, oh, it's only getting better
Oooh, oh, don't it catch my breath
We'll race through every open door, find everything we're hoping for
As long as we're together, it's only getting better!
