

Bones

Pepper

Oh~ Oh~

Let's meet at sunset on the pier,
sight so green light made me feel so real.
Well, let's make this feeling last all year.
Let's watch the fireworks, colors light up oceans in the sky.
Well, let's make this feeling last all year.
Don't want, to wait, cause baby I'm ready.
Now it's so late, but baby I'm ready.
I now I'm gonna be happy when the Sun goes down,
I feel it in my bones.
Gonna get lucky, living out loud,
I feel it in my bones.
Everybody gets burned, everybody goes black,
everybody falls down but you gotta bounce back.
I'm gonna be happy when the Sun goes down,
I feel it in my bones.

Oh~ Oh~

I feel it in my bones.
Let's watch the stars at such great heights,
lightning in a bottle here tonight. Ah~
Well, let's make this feeling last all year.
You and I will rule the world, every night you're my only girl.
Well, let's make this summer last all year.
Don't want, to wait, cause baby I'm ready.
Now it's so late, but baby I'm ready.
I now I'm gonna be happy when the Sun goes down,
I feel it in my bones.
Gonna get lucky, living out loud,
I feel it in my bones.
Everybody gets burned, everybody goes black,
everybody falls down but you gotta bounce back.
I'm gonna be happy when the Sun goes down,
I feel it in my bones.

Ohoh~ Here's a little toast to the ups and downs.

Ohoh~ You know tonight we're gonna knock it down.

Oh~ We can make the best of what's around.

Ohoh~ I wanna live it up, watch as the Sun goes down. Uh~

I now I'm gonna be happy when the Sun goes down,

I feel it in my bones.

Gonna get lucky, living out loud,

I feel it in my bones.

Everybody gets burned, everybody goes black,

everybody falls down but you gotta bounce back.
I'm gonna be happy when the Sun goes down,
I feel it in my bones.
