

Explorers

Muse

Once I hoped to seek the new and unknown
This planet's overrun
There's nothing left for you or for me
Don't give in
We can walk through the fields
And feeling nature's glow
But all the land is owned
There's none left for you or for me
Who will win?'Cause I concede
Free me, free me
Free me from this world
I don't belong here
It was a mistake imprisoning my soul
Can you free me, free me from this world?
A world, lush and blue, with rivers running wild
They'll be re-routed South
With none left for you or for me
Don't give in
And hear the engines roar
And save our crops from drought
But when the black gold's in doubt, there's none left for you or for me
Fuse Helium-3: our last hope
And Free me, free me
Free me from this world
We don't belong here
It was a mistake imprisoning our souls
Can you free me, free me from this world?
Ahhh...Free me, I'll free you
Free us from this world
We don't belong here
It was a mistake imprisoning our souls
Can you free me, free me from this world?
(Free me, free me) Oh-oooh
(Free me from this world)
(We don't belong here, it was a mistake) Running around in circles feeling caged by endless
rules
Can you free me, free me from this world?
Ahh...
(shhh) Go to sleep
