

# Walking Song

Arlo Guthrie

Oh, last night I sat by your side  
Oh, I was feelin' so lonely  
Would have given up my pride  
All night I was so lonely Then you took to the streets  
You don't have much to say  
But I listened to your feet  
As they walked away  
Bye bye bye bye Now walking's the only thing I know  
Oh, we do well together  
I ain't thinkin' 'bout where we go  
Lace up your boots of leather  
Then we take to the streets  
We don't have much to say  
But I listen to our feet  
As we walk away  
Bye bye bye bye bye bye bye  
Bye bye bye bye bye bye bye  
Bye bye bye bye I wasn't lookin' for love  
I'm a little sorry you're gone  
But until we have something to say  
I'll just keep walking along  
Bye bye bye bye bye bye bye  
Bye bye bye bye bye bye bye  
Bye bye bye bye Ask me if I need you now  
Oh no, I'm feeling great  
If you haunt me in my dreams  
Ah, there is one escape  
I'll just take to the streets  
I won't have much to say  
But I'll be listening to my feet  
As they walk away  
Bye bye bye bye bye bye bye  
Bye bye bye bye bye bye bye  
Bye bye bye bye  
Bye bye bye bye bye bye bye  
Bye bye bye bye bye bye bye  
Bye bye bye bye  
Bye bye bye bye bye bye bye  
Bye bye bye bye
