

Falling Down

Duran Duran

Once was a man who consumed his place and time
He thought nothing could touch him
But here and now it's a different storyline
Like the straw he is clutching Why has the sky turned grey
Hard to my face and cold on my shoulder
And why has my life gone astray
Scarred by disgrace, I know that it's over Because I'm falling down
With people standing round
But before I hit the ground
Is there time
Could I find someone out there to help me?
Howl at the wind rushing past my lonely head
Caught inside its own motion
How I wish it was somebody else instead Howling at all this corrosion Why did the luck run dry
Laugh in my face, so pleased to desert me
Why do the cruel barbs fly?
Now when disgrace can no longer hurt me Because I'm falling down
With people standing round
But before I hit the ground
Is there time
Could I find someone out there to help me?
Because I'm falling down
With people standing round
But before I hit the ground
Is there time
Could I find someone out there to help me?
I don't know.... Why...
