

Twisting

They Might Be Giants

She set your goldfish free
And now she's sighing
Blew out your pilot light
And made a wish She doesn't have to have
Her db's record back now
But there's not a lot of things
That she'll take back (She wants)
She wants to see you again
(She wants)
She wants to see you again
Slowly twisting
(Twisting, twisting)
In the wind
(Twisting)
Twisting, twisting
(Twisting, twisting)
In the wind
She's not your satellite
She doesn't miss you
So turn off your smoke machine
And marshall stack She doesn't have to have
Her young fresh fellows tape back now
But there's not a lot of things
That she'll take back (She wants)
She wants to see you again
(She wants)
She wants to see you again
Slowly twisting
(Twisting, twisting)
In the wind
(Twisting)
Twisting, twisting
(Twisting, twisting)
In the wind
(She wants)
She wants to see you again
(She wants)
She wants to see you again
Slowly twisting
(Twisting, twisting)
In the wind
(Twisting)

Twisting, twisting
(Twisting, twisting)
In the wind
