

# Twisting

## They Might Be Giants

She set your goldfish free  
And now she's sighing  
Blew out your pilot light  
And made a wish She doesn't have to have  
Her db's record back now  
But there's not a lot of things  
That she'll take back (She wants)  
She wants to see you again  
(She wants)  
She wants to see you again  
Slowly twisting  
(Twisting, twisting)  
In the wind  
(Twisting)  
Twisting, twisting  
(Twisting, twisting)  
In the wind  
She's not your satellite  
She doesn't miss you  
So turn off your smoke machine  
And marshall stack She doesn't have to have  
Her young fresh fellows tape back now  
But there's not a lot of things  
That she'll take back (She wants)  
She wants to see you again  
(She wants)  
She wants to see you again  
Slowly twisting  
(Twisting, twisting)  
In the wind  
(Twisting)  
Twisting, twisting  
(Twisting, twisting)  
In the wind  
(She wants)  
She wants to see you again  
(She wants)  
She wants to see you again  
Slowly twisting  
(Twisting, twisting)  
In the wind  
(Twisting)

Twisting, twisting  
(Twisting, twisting)  
In the wind
