Marc Bolan

Na ha ha ha da da do do da da da da
Na ha ha ha da da do do da da da da
Na ha ha ha da da do do da da da da
I say, I like your money and I like your car
Papa da da da da... And if he thinks like you, even like it pa
Papa da da da da... I say your skinny little legs don't bother me so
Da da di di da da...

Ha ha hah... But you scare me to death with your horrible breath You're gonna scare me to death with your horrible breath You're gonna scare me to death with your horrible breath

Da da da da da na na na...

Da da da da da na na na...

I say, I like your money and I like your show
Papa da da da da... And your big fat legs gonna make me say no
Papa da da da da... I said, the other things you got gonna make love grow
Da da di di da da... And you scare me to death with your horrible breath
You're gonna scare me to death with your horrible breath
You're gonna scare me to death with your horrible breath
Ha, ha, ha, ha... Da da di da da di, da da di da da di
Mama ma ma mama...

Na na na na... I say, I like your money and I like your car Papa da da da da... And if he thinks like you, even like your pa Papa da da da da...

And you scare me to death with your horrible breath You're gonna scare me to death with your horrible breath You're gonna scare me to death with your horrible breath Ha, ha, ha, ha... I say, I like your money and I like your car
