

# Triple Threat

## Freddie Gibbs

Till we get it right baby, yeah  
Mix it up till we get it right, yeah  
If anything stay in your lane, you in my city now  
Put diamonds on me and my ridas on me  
Came like Lebron, only trill niggas doing this shit  
Ridin' on 'em never dyin' on em  
Man you can't tell me a motherfuckin' thing, bruh  
YahTriple threat, triple wreck the bed  
Left it drippin' wet, drippin' wet  
Whip that chicken wet, I just trip with that  
Trip with that bitch I'm whipping wet, put that on the set  
On the set, I iced up the set, put that on my neck  
On my neck, stay in your lane, this game will lay you down  
Bring the day, last night was safe, til' they Mercedes down  
Pinky rang, iced out my chain  
These hoes can't play me now  
Really think there's no mistake till they Mercedes nowDumb down nigga I'm here for the sex, I  
must confess  
Hit your hope and left that shit drippin' wet, I must confess  
Fuck this rap shit I'm just here for the check, I must confess  
Popo throw the hundred years on the desk, I won't confessBro my dope it smoke like ain't no
