

Garden

Magnapop

On the way
near a truck stop
that's behind my evil haven
there is a garden
he is a garden
Are you mad yet
can't connect it
when you try to
do you know
he is evil
you are mad
are you mad yet
Known a comfort
known a mia
known a scary ancient feeling
He is a garden
he is a garden
Are you mad yet
separate it
do you know
what they do
when they say
it feels like comfort
i can't find it
tried to run
but i'm the only one
Sedentary
lonely contact
no connection
fee or feeling
He is a garden
he is a garden
Scrap it all
before summer
kill the person
that you fight with
remain single
there your strength is
live for freedom
not for struggle
He is a garden
he is a garden

Scrap it all
before summer
kill the person
that you fight with
remain single
there your strength is
live for freedom
not for struggle
