

# If I Am

## Nine Days

So you're standing on a ledge  
It looks like you might fall  
So far down  
Or maybe you were thinking about jumping Now you could have it all  
If you learned a little patience  
For though I cannot fly  
I'm not content to crawl To give me a little credit  
Have in me a little faith  
I want to be with you forever  
If tomorrow's not too late But it's always too late when you got nothing  
So you say  
And you should never let the sun set on tomorrow  
Before the sun rises today  
If I am another waste of everything you dreamed of  
I will let you down  
If I am only here to watch you as you suffer  
I will let you down So you're walking on the edge  
And you wait your turn to fall  
But you're so far gone  
That you don't see the hands upheld to catch you And you could find the fault  
In the heart that you've been handed  
For though you cannot fly  
You're not content to crawl And it's always too late when you got nothing  
So you say  
But you should never let the sun set on tomorrow  
Before the sun rises  
If I am another waste of everything you hoped for  
I will let you down  
If I am only here to watch you as you suffer  
I will let you down So you're standing on the ledge  
It looks like you might fall If I am another waste of everything you dreamed of  
I will let you down (I will let you down)  
If I am only here to watch you as you suffer  
I will let you down (If I am) The answers we find  
Are never what we had in mind  
So we make it up as we go along (I won't let you down)  
You don't talk of dreams  
I won't mention tomorrow  
We won't make those promises that we can't keep I will never leave you  
I will not let you down  
I will never leave you  
I will not let you down
