

Healing (ft. Jessie Reyez)

SonReal

[Intro: SonReal]

Uh, yeah, yeah, yeah, yeah, yeah, yeah, yeah[Verse 1: SonReal]

I don't wanna be here every day

It's kinda late for me to switch the page

And will I feel it when I hit the pavement?

On the edge and I'm just stuck debatin'

Wanna go home

Rainy days seem like an occupation

Rainy days seem like they're every day shit

That's why I ask myself[Pre-Chorus: SonReal]

Am I for sure?

Am I enough?

'Cause I might just go

When times get tough

[Chorus: SonReal]

But I can't let go (Do what I, do what I, do what I, do what I)

When I'm healing (Do what I, do what I, do what I, do what I)

When I'm healing (Do what I, do what I, do what I, do what I)

When I'm healing (Do what I, do what I, do what I, do what I)[Verse 2: Jessie Reyez]

I don't wanna be here anyway

It's kinda late for me to switch the play

I pack my bags and then I hit the pavement

This depression's just an occupation

I wanna go home, wanna go home

Up and down, I'm always switchin' places

My reflection always loves to hate me

That's when I ask myself

[Pre-Chorus: SonReal]

Am I for sure?

Am I enough?

'Cause I might just go

When times get tough[Chorus: SonReal]

But I can't let go (I can't let go)

(Do what I, do what I, do what I, do what I)

When I'm healing (Can't let go, no)

(Do what I, do what I, do what I, do what I)

When I'm healing (I can't let go)

(Do what I, do what I, do what I, do what I)

When I'm healing (Can't let go, oh)

(Do what I, do what I, do what I, do what I)[Bridge: SonReal & Jessie Reyez, Both]

I can't let go when my faith get too low

So I'm dealin', I'm dealin'

Dealin', I'm dealin'
I might just try and get back up one time
'Cause I'm healin', I'm healin'
Healin'

So some nights, in my head, I say...[Chorus: SonReal]

But I can't let go (I can't let go)

(Do what I, do what I, do what I, do what I)

When I'm healing (Can't let go, no)

(Do what I, do what I, do what I, do what I)

When I'm healing (I can't let go)

(Do what I, do what I, do what I, do what I)

When I'm healing (Can't let go, oh)

(Do what I, do what I, do what I, do what I)[Outro: SonReal]

But I can't let go (I can't let go)

(Do what I, do what I, do what I, do what I)

When I'm healing (Can't let go, no)

(Do what I, do what I, do what I, do what I)

When I'm healing (I can't let go)

(Do what I, do what I, do what I, do what I)

When I'm healing (Can't let go, oh)

(Do what I, do what I, do what I, do what I)
