

Always

Saliva

I hear... a voice say "Don't be so blind" ...
it's telling me all these things...
that you would probably hide...
am I... your one and only desire...
am I the reason you breathe...
or am I the reason you cry...Always... always... always... always... always... always... always... always...
I just can't live without you...
I love you...I hate you...
I can't get around you...
I breathe you...I taste you...
I can't live without you...
I just can't take any more...
this life of solitude...
I guess that i'm out the door...
and now i'm done with you...I feel... like you don't want me around...
I guess i'll pack all my things...
I guess i'll see you around...Its all... been bottled up until now...
as I walk out your door...
all I hear is the sound...
Always... always... always... always... always... always... always...I just can't live without
you...I love you...
I hate you...I can't get around you...I breathe you...
I taste you...
I can't live without you...
I just can't take any more...
this life of solitude...
I guess that i'm out the door...
and now i'm done with you...
I love you...I hate you...
I can't live without you...
I left my head around your heart...Why would you tear my world apart...
Always... always... always... always...
I see... the blood all over your hands...
does it make you feel... more like a man...
was it all... just a part of your plan...
the pistol's shakin' in my hands...
and all I hear is the sound...
I love you...
I hate you...
I can't live without you...
I breathe you...
I taste you...

I can't live without you...
I just can't take any more...
this life of solitude...
I guess that i'm out the door...
and now i'm done with you...
I love you...
I hate you...
I can't live without you...
I love you...
I hate you...
I can't live without you...
I just can't take any more...
this life of solitude...
I pick myself off the floor...
and now i'm done with you...
Always...
Always...
Always...
