Morning Bell

Radiohead

The morning bell

The morning bell

Light another candle and

Release me

Release meYou can keep the furniture

A bump on the head

Howling down the chimney

Release me

Release me

Please

Release me

Release meWhere'd you park the car?

Where'd you park the car?

Clothes are all over the furniture

Now I might as well

I might as wellSleepy jack the fire drill

Run around, around, around, around, around

AroundCut the kids in half

Cut the kids in half

Cut the kids in halfEveryone wants to be a

Everyone wants their dignity

Everyone wants to be a friend

Nobody wants to be a slave 'cause

Walking, walking, walking

Walking, walking

Walking, walking, walking

Walking, walking, walking

Walking, walking The lights are on but nobody's at home

Everyone wants to be a friend

Nobody wants to be a slaveWalking, walking

Walking, walking Walking, walk, walk

Walking, walking, walk, walk

Walking, walking, walk, walk
