

# Right Moves (feat. Keida & Shenseea)

## Christina Aguilera

[Verse 1]

On a glass table, love me somethin' unstable  
Kiss my lips until I can't resist, 'til I'm incapable of comin' down  
Of comin' down

On a wood staircase, love me 'til I can't think straight  
One on one and one by one we come on down  
So I just keep on goin' down (just go down)

Just keep on goin' down[Pre-Chorus]

Chills are running up my spine

'Cause you got me to feel

All the thoughts I made up in my head, you've made them real

With the

[Chorus]

Right moves

Right moves

Yeah, yeah, yeah, you got the

Right moves[Verse 2]

On the cold concrete, I'm warmin' up your body

Bangin' in my chest

I must confess, it ain't the only thing that's pounding, now

Pound it out, pound me out

Come on and pound it out[Pre-Chorus]

Chills are running up my spine

'Cause you got me to feel

All the thoughts I made up in my head, you've made them real

With the

[Chorus]

Right moves (got the right, ri-ri-ri-right moves)

Right moves

Yeah, yeah, yeah, you got the

Right moves[Verse 3]

And you are trendsetter

Can't do without help

Like can I just do it later?

And the way ya do your ting

No one can do it better

You'll open sweeter than a melody

Me have the bass, you when you movin'

I know you swirlin' like a tsunami

When you explore my life, light the iPhone up

Polly Nikki ex but my call is Safari

Body bass stronger and sexier than a million man in the US army

You got the moves  
Straight up, representin' to every true lovey I love the way you touch me and the way how you  
move

The way you roll onto my body like a fire pon true  
[?] dem mih nuh who da yeah proof  
And gyal I'll fight over your body  
Extra, extra, news Right moves, you haffi make me lick up body sweat  
Winter in my Kuma, proppa lobe you wah go get  
The way you move, the way I make my body sweat  
[?] body never feel it They say your lovin' make me feel right  
Any-anytime I book you after midnight  
[?] never follow  
Show me so you wicked in the real life Ooh
